Kevin Taylor, SVP of Global Automation at TAIT, spoke at National Theatre's 40th Anniversary

Kevin Taylor was one of the distinguished speakers who shared insight on the relationship between architecture and theatre at the National Theatres 40th Anniversary. His discussions focused on three topics: the advances of theatre technology; the advent of the courtyard theatre and the return to more three-dimensional performance spaces; and the likely future for a changing theatrical landscape. Congratulations, Kevin!

Have you seen CBS's New Hit Series "The Great Indoors"?

TAIT is proud to announce that one of our extended family members is part of the cast! The Great Indoors debuted last month featuring Shaun Brown, the brother of Sam Brown, TAIT's Senior Manager of Operations and Custom Fabrication. Shaun plays the role of Mason. The show airs Thursday nights at 8:30 pm (EST) on CBS! (For those not in the states, it is also on www.cbs.com - Check it out!)

TAIT Talks
